NOTES ON NEWS OF THE DAY.

HARRISON's electoral majority is 77. Cleveland's over Blaine was 37. If there are any more "Solid" states that wish to join the Republican procession, there is yet room.

KINGS county elects a Republican County Clerk by a majority of 307. Chapin's majority for Mayor of Brooklyn last fall was 883. Democracy is making the people tired.

W. H. BARNUM, Chairman of the Democratic National Committee, is dangerously ill at his home in Connecticut, from overwork and nervous prostration.

CHATTANOOGA elects a Republican Congressman for the first time because she is a manufacturing city. She will never go back to the old Bourbon track.

The Speakership of the Assembly is already being sought for by ex-Speakers Cole and Husted, Saxton of Wayne county and Ainsworth of Oswego. No Democrat has applied.

WEST VIRGINIA has become Republican because factories are sprinkled all over her surface. And every new factory erected or mine opened will strengthen her in the new political faith.

DELAWARE has shaken off the rule of the Bayards, which has been as despotic for a century as that of the worst of the old feudal lords. Delaware lives chiefly upon the products of the soil, and does not want free trade.

SECRETARY FAIRCHILD has decided that Chinese merchants in this country are not affected by the exclusion act, but can go and come as they please. Election has made our Democratic administration more considerate of Chinese feelings.

THE banner county is Chautauque. It rolls up a majority of 5,930 for Harrison, against 4,869 for Blaine and 4,950 for Garfield. The majority of St. Lawrence is 7,891 against 7,406 for Blaine and 7,013 for Garfield. These two counties cover the whole of Harrison's majority.

JOE CHAMBERLAIN is coming over to America to marry Secretary Endicott's daughter. He sailed before the election, and will be surprised on his arrival to learn that his prospective father-in-law is going out of politics. But it is to be hoped that "Joe" will keep his word, in spite of the old gentleman's great misfortune.

YESTERDAY Gen. Harrison's electoral vote was up to 233, which brought him within one vote of that given to his grandfather 48 years ago. The addition of West Virginia carries him five votes ahead of the elder Tippecanoe. Gen. Harrison's electoral vote will be the largest ever cast for President except that for Pierce in 1852 (254) and for Grant in 1872 (292).

CLEVELAND'S Cabinet are a sorry lot. Bayard has been repudiated in Delaware, Vilas in Wisconsin, Dickinson in Michigan, Endicott in Massachusetts, and Whitney and Fairchild in New York. Garland alone is able to show further claim to Presidential consideration or the right to mingle his tears with those that have been falling at Red Top for the last two days.

CHAIRMAN BRUCE conceded yesterday for the first time that Harrison is elected. He says he would have done so earlier if he had not been falsely informed that Brooklyn's majority for Cleveland was 19,000. The Democrats have not yet got over their astonishment at the result in Brooklyn. The party has really a very slender hold upon the "city of churches." It will be a Republican city four years hence.

THE "doubtful states" are all heard from. Wisconsin and Michigan, which Messrs. Vilas and Dickinson of the Cabinet had promised to bring to Cleveland in their vest pockets, give bigger Republican majorities than ever before. Illinois, which was on the hopeful Democratic list before election, rolls up 20,000 for Harrison. Indiana and New York are in the Republican column to stay. Connecticut is not Democratic enough to hurt, and the loss of her vote is exactly compensated by that wanderer from the South, West Virginia. New Jersey is the only one of the Northern states that has reason to be ashamed of itself.

THERE is very much more in the Republican victory in Delaware than appears to us Northerners on the surface. It appears that the Democratic power in that state has been broken for ever. We are informed by a gentleman of this city who was formerly a resident of that state, that the Bayards and Salisbury by their influence had shaped the laws so that none but those paying taxes could vote, and that taxes were never collected there nine years and offered money for votes. It was never received, and he never could vote. This will all be changed now, and from being the most hide-bound of all the sisterhood, the present Legislature will let in all the people to the privilege of paying taxes and voting as well. This change will, with its industrial interests, make Delaware as reliably Republican as Vermont or Kansas.

THE English press has already begun to abuse Mr. Cleveland. The London Times arraigns him for "discreditable subservience to the meanest influences of American politics and culpable neglect of the decencies of international intercourse." The Standard says that he "has twice within the course of a twelvemonth acted toward us with a conspicuous want of courtesy, good taste and common honesty." The Telegraph and Post are equally severe. Evidently England has got through with Cleveland, and will reserve its fawning for the new administration. The London Times has already begun its praise of Harrison. It finds that he "is not of obscure origin, had no share in the scandals and intrigues of former administrations, showed some military ability, had an important influence in the past, and may, if he can keep clear of the bosses, aid in restoring the reputation of his party." These denigrations are the cruellest of the season. If England abandons the Democratic party, what will there be left of it?

MORE ELECTION NEWS.

'Twas a Glorious Republican Victory and no Mistake.

CALIFORNIA ALL RIGHT.

The Democrats Have "Given up" That State.

RETURNS BY COUNTIES.

Some Interesting Figures—The Vote for Harrison and Cleveland—Tidings from a number of States Showing Republican Gains.

By Telegraph to The Freeman.

INDIANAPOLIS, Nov. 9.—Three out of town delegations called on General Harrison last evening. The first came from Danville, the second was a delegation from the Lincoln Club, of Cincinnati. They arrived at the house about 8 o'clock and were cordially received by General and Mrs. Harrison. Congressmen Butterworth warmly congratulated the General. Mayor Arthur Smith and H. S. Kings were among the number. After a pleasant visit of half an hour the party returned home. Word has been received that numerous clubs and delegations are preparing to come to this City. Among the telegrams received by General Harrison, yesterday, was one from Findlay, Ohio, stating that the largest gas well in the world had been struck there, yesterday, and had been named the "Ben Harrison."

5,000 MAJORITY IN MONTANA.

Russell Harrison received a telegram from Helena, Mont., saying Montana had gone 5,000 majority for the Republican ticket, electing the Territorial Council and House.

PLURALITY OF 4,000 IN INDIANA.

County returns from Indiana have not begun to arrive and it is scarcely probable that the official returns will be received before Friday night, when the vote of the states by counties will be given. Returns from the Congressional districts are also incomplete, but up to 1 o'clock this morning nothing had occurred that changed the result as given in the earlier dispatches. Parrott, Democrat, candidate for Congress in the First District, has a majority of only 39 over Fessenden, Republican. This is General Harrison's old district. The latest returns on Presidential Electors indicate that General Harrison's plurality will be about 4,000.

CONGRATULATING GEN. HARRISON.

General Harrison has received the following telegrams:

Minneapolis, Minn.—While I congratulate you most heartily on your election to the highest office in the world I congratulate you still more for the dimmed self-poise and great good sense with which you have borne yourself through the campaign just closed.

W. D. W. Vassar.

[Signed.] Des Moines—Congratulations from a full heart. JOHN A. KASSON.

Washington—As in 1840 so in 1888 I am filled with gladness, and thankful too.

ROBERT C. SCHENCK.

New Bedford, Mass.—Your election gives us great happiness. We extend our hearty congratulations. WILLIAM W. CRAPO.

Athens, Ohio—Congratulations. As a personal victory it is grand. As a triumph of decency and patriotism it is grander.

CHARLES H. GROSVENOR.

Washington—Like yourself, I would not jubilate until we had a sure pop. Our pop is assured and I extend my most cordial congratulations. THOMAS M. BAYNE.

East Saginaw, Mich.—Am too full of gratitude for utterance. It is just glorious. Congratulations. R. G. HOBB.

Manistee, Mich.—I congratulate you sincerely on magnificent canvass and triumphant election—BYRON McCURCHISON.

Salem, Mass.—How bright the American sun shines this morning on the triumph of patriotism, honest good sense and free and well-paid labor. I rejoice in you as a sound leader of a great people. GEORGE B. LORTON.

Knoxville, Tenn.—Accept hearty congratulations of loyal Republicans in East Tennessee on your election. L. C. HAUCK.

Chicago—I congratulate you on the undoubted and splendid victory you have achieved. JOHN F. FINLEY.

Red Bud, Ill.—The Lord be praised for this grand victory. I congratulate you with all my heart, and Mrs. Thomas joins in this message. JOHN R. THOMAS.

Fremont, Neb.—Accept most sincere congratulations. Nebraska claims the head of the column. G. W. E. DOWNEY.

Coxsack, N. H.—Accept sincere congratulations on the result. It is a magnificent victory for the right. New Hampshire has remained true to Republican principles.

J. H. GALLINGER.

IN WEST VIRGINIA.

By Telegraph to The Freeman.

PITTSBURGH, Nov. 9.—A Wheeling, W. Va., Chronicle-Telegraph special says: Gen. Republican, for Governor, has carried the State. Atkinson, Republican, has 27 plurality in the First Congressional District and Wilson, Democrat, is elected in the Second District. The Third and Fourth districts are claimed by both parties.

REPUBLICANS CLAIM WEST VIRGINIA.

By Telegraph to The Freeman.

CHARLESTON, W. Va., Nov. 9.—Official information received at the State House says Fleming, Democrat, is elected by about 900 majority. It is now believed that the Republicans have elected three out of four Congressmen, with the fourth in doubt. In every county and precinct the Republicans have gained, and as the matter now stands the Legislature is doubtful. It may be that it will be a tie with Senator Carr [Greenbacker] having the deciding vote on joint ballot. The Republicans claim everything and the Democrats are very blue.

DEMOCRATS GIVE UP CALIFORNIA.

By Telegraph to The Freeman.

SAN FRANCISCO, Nov. 9.—The count of 16 precincts in the City out of 173 gives Harrison 24,860, Cleveland 27,691. The Republican State Committee claim the State by from 10,000 to 12,000. The Democratic State Committee concede the State to the Republicans with a small majority. The latest figures indicate the election of four Republican Congressmen. Three of the Congressional districts are very close.

REPUBLICAN GAIN OF TWO.

By Telegraph to The Freeman.

DETROIT, Mich., Nov. 9.—The Ray City Tribune returns from every precinct in the district give Wheeler a plurality of 41 over Fisher. If these returns are verified, by the official count, the Michigan delegation will stand nine Republicans and two Democrats, a Republican gain of two.

MILLS PROBABLY ELECTED.

By Telegraph to The Freeman.

GALVESTON, Tex., Nov. 9.—Returns from

many precincts in Mills' district indicate his re-election without doubt and probably without a decreased majority. The contest between Crain, Democrat, and Brewster, Republican, in the Seventh District will be close, but Crain's election appears certain.

RETURNS BY COUNTIES.

By Telegraph to The Freeman.

BUFFALO, Nov. 9.—Fisk's vote in Erie County: Buffalo, 213 towns, 519; total, 732.

TROY, Nov. 9.—The official vote of Rensselaer County gives Harrison 15,719; Cleveland, 15,410; Fisk, 544; Miller, 15,241; Hill, 15,857; Lee, 431; Cruger, 15,320; Jones, 15,818; Rumsey, 15,480; Gray, 15,578.

THE NEW ADMINISTRATION.

By Telegraph to The Freeman.

WASHINGTON, Nov. 9.—"Cabinet talk" places Warner Miller as Secretary of State; Senator Edmunds as Attorney General. It is reported from Augusta that Mrs. Blaine wants her husband to accept the British Mission in preference to a place in the State Department.

CONVINCING WITH THE PRESIDENT.

By Telegraph to The Freeman.

WASHINGTON, Nov. 9.—Senator Gorman called at the White House to-day, and had an interview with the President.

tired with Cleveland, and will reserve its
favoring for the new administration. The
London Times has already begun its praise of
Harrison. It finds that he "is not of obscure
origin, had no share in the scandals and in-
trigues of former administrations, showed
some military ability, had an important influ-
ence in his own state, and may, if he can
keep clear of the bosses, aid in restoring the
reputation of his party." These discourses
are the cruelest of the season. If England
abandons the Democratic party, what will
there be left of it?

Some Interesting Figures—The Vote for Har-
rison and Cleveland—Tidings From a num-
ber of States Showing Republican Gains.

By Telegram to The Freeman.

INDIANAPOLIS, Nov. 9.—Three out of town
delegations called on General Harrison last
evening. The first came from Danville, the
second was a delegation from the Lincoln
Club, of Cincinnati. They arrived at the
house about 8 o'clock and were cordially re-
ceived by General and Mrs. Harrison. Con-
gressman Butterworth warmly congratulated
the General. Mayor Arthur Smith and H. S.
Prosser were among the number. After a
pleasant visit of half an hour the party re-
turned home. Word has been received that
numerous clubs and delegations are pre-
paring to come to this city.
Among the telegrams received by General
Harrison, yesterday, was one from Findlay,
Ohio, stating that the largest gas well in the
world had been struck there, yesterday, and
had been named the "Ben. Harrison."

5,000 MAJORITY IN MONTANA.
Russell Harrison received a telegram from
Helena, Mont., saying Montana had gone
5,000 majority for the Republican ticket,
electing the Territorial Council and House.

PLURALITY OF 4,000 IN INDIANA.

County returns from Indiana have not be-
gun to arrive and it is scarcely probable that
the official returns will be received before
Friday night, when the vote of the states by
majority will be given. Returns from the
Congressional districts are also incomplete, but
up to 1 o'clock this morning nothing had occurred
that changed the result as given in the earlier
dispatches. Parrott, Democrat, candidate for Con-
gress in the First District, has a majority of only
26 over Posey, Republican. This is General
Hovey's old district. The latest returns on
Presidential Electors indicate that General
Harrison's plurality will be about 4,000.

CONGRATULATING GEN. HARRISON.

General Harrison has received the follow-
ing telegrams:

cerely on magnificent canvass and triumph-
ant election. BYRON MCCARTHERON.

the column. G. W. E. CROOK.

gratulations on the result. It is a magnificent
victory for the right. New Hampshire has

IN WEST VIRGINIA.

PITTSBURG, Nov. 9.—A Wheeling, W. Va.,
Chronicle Telegram special says: Gov.
Republican, for Governor, has carried the
State. Atkinson, Republican, has 27 plurality
in the First Congressional District and
Wilson, Democrat, is elected in the Second.
The Third and Fourth districts are
claimed by both parties.

REPUBLICANS CLAIM WEST VIRGINIA.

By Telegram to The Freeman.

CHARLESTON, W. Va., Nov. 9.—Official
information received at the State House says
Fleming, Democrat, is elected by about 900
majority. It is now believed that the Re-
publicans have elected three out of four
Congressmen, with the fourth in doubt. In
every county and precinct the Republicans
have gained, and is the matter now stand
the Legislature is doubtful. It may be that
it will be a tie with Senator Carr (Green-
backer) having the deciding vote on joint
ballot. The Republicans claim everything
and the Democrats are very blue.

DEMOCRATS GIVE UP CALIFORNIA.

By Telegram to The Freeman.

SAN FRANCISCO, Nov. 9.—The count of
166 precincts in the City out of 176 gives
Harrison 24,990, Cleveland 27,691. The
Republican State Committee claim the State by
from 10,000 to 12,000. The Democratic
State Committee concede the State to the Re-
publicans but with a small majority. The
latest figures indicate the election of four Re-
publican Congressmen. Three of the Con-
gressional districts are very close.

REPUBLICAN GAIN OF TWO.

By Telegram to The Freeman.

DETROIT, Mich., Nov. 9.—The Bay City
Telegram returns from every precinct in the
district give Wheeler a plurality of 41 over
Fisher. If these returns are verified, by the
official count, the Michigan delegation will
stand nine Republicans and two Democrats, a
Republican gain of two.

MILLS PROBABLY ELECTED.

By Telegram to The Freeman.

GALVESTON, TEX., Nov. 9.—Returns from

many precincts in Mills' district indicate his
re-election without doubt and probably with-
out a decreased majority. The contest be-
tween Crain, Democrat, and Brewster, Re-
publican, in the Seventh District will be
close, but Crain's election appears certain.

Weather indications.
WASHINGTON, Nov. 9.—Indications for Saturday: Threatening weather and rain, followed by colder, fair weather.

THE CENTENNIAL PRESIDENT.

Gen. Washington was elected President of the United States just one hundred years ago. The United States then began its new life as a nation. The civil career of Washington proved as satisfactory as his great services in war. The nation that his courage, discretion and statesmanship had created he succeeded in placing upon the solid foundations of a government by the people during the eight years of his administration.

Gen. Harrison comes forward at the beginning of another century to start the nation on a new era of life and progress. He is like Washington, the descendant of a long line of illustrious ancestors. He is almost exactly of the same age as Washington when he entered the Presidency. He has been like him, a soldier and statesman. He has shown during the canvass the possession of those invaluable mental qualities which made Washington illustrious—prudence and self-control. He has the qualities to make a great and good President. He has a party behind him firmly devoted to the Union, and earnest in its purpose of national honor and aggrandizement.

The opportunity before him to build up this party and make it invincible is greater than he has ever yet come to in the Union. He has seen great states to come into the Union under his administration are sure to be Republican states. The Solid South, which has begun to crumble along the edges, will rally under his standard when it finds that the Democratic party has ceased to exist as a national party and no further help can be expected from it. The nation will become a unit, not by consenting to "let bygones be bygones," for history cannot be blotted out, but by a blending of material interests that are to live when politics are forgotten. The solution of the sectional problem, that was found impossible under a Democratic administration, will be found easy after Republican control is resumed. We have been two peoples with adverse political objects and with contempt for the ambition of each other too long. The election is a triumph of the higher civilization and fairer politics of the North, and it opens the way for the assertion over the South of those policies and principles which have brought peace, prosperity and enlightenment wherever they have prevailed. The coming century is to be better and more glorious than the one that is passing away. And this is because it opens with the triumph of the principles on which Washington laid the foundations of the government.

It is not a misfortune that the country was given the experience of a Democratic administration before entering upon the new and grander career. Until that experiment was tried and the people were not so uneasy as they are now, and the people have changed back to the old and faithful party under a leadership that inspires universal confidence. The change is so sweeping, so overwhelming, that Gen. Harrison can venture to be the President of the whole people like Washington. He will need, like his predecessor, to shape his acts, messages and letters for partisan facts. It is a grand thing for a President to have a party behind him so strong that he can afford to be patriotic and unselfish. This Gen. Harrison's position, and it affords him the opportunity to give the country an administration which will be remembered a hundred years hence with the same gratitude as affection as Washington's is to-day.

THE TEMPERANCE ISSUE.

The Prohibition vote in the state on Saturday was 30,000. This is 11,000 less than that of last year on Secretary of State. This change of votes was nearly sufficient to elect Harrison. All honor to those Prohibitionists who had the intelligence to perceive and the manliness to admit that the Republican party occupies the highest tenable ground on the liquor question.

But there were 30,000 Prohibitionists who preferred a hopeless cause to the attainment of the best results. These men have re-elected David B. Hill, the champion of the saloons. They have defeated Warner Miller, who was earnest for practical prohibition as any of them, but advocated high license as a practicable method of reducing the evils of the liquor traffic and as a step in its final suppression. These men are to be commiserated. They are aware to-day that they have made a deadly mistake. When they saw the Republican saloon-keepers flocking to the Democratic camp they should have been educated by the fact.

The saloon expects to dominate the state for three years more, in the meantime strengthening its power by large accessions from other states in which the license fees have been raised up. But the Republican party cannot recede. It must stand firmly by the platform of Warner Miller. Next year there will be a full Legislature to elect. If the Prohibitionists join hands with the Republicans, not only can a high license law be passed over David B. Hill's veto by a two-thirds majority, but the saloon-keepers' champion, the party of sobriety is able to report progress.

IMPORTANT REPUBLICAN GAINS.

The election of Republican Legislatures in Delaware and West Virginia assures the continuance of a decisive Republican majority in the United States Senate. Instead of a tie, as was apparent when New Jersey was first heard from, the strength of the respective parties will be: Republicans 40; Democrats 36. This is a larger majority by 2 than to the present Senate, and there will be no doubtful quantities in it, like Riddleberger and Mahone of Virginia.

The House is certainly Republican by at least 21 majority. To this will be added several members who have been counted out in the South by the usual methods, but are likely to be admitted on a contest by the Republican majority. When these cases have all

been settled the majority will hardly fall below 80 or 85.
But there is also an important Republican gain to be gathered from the territories, at least seven of which are large enough to enter the Union. These territories and their population are as follows: Dakota, 700,000; Washington, 175,000; New Mexico, 200,000; Montana, 150,000; Arizona, 100,000; Idaho, 120,000; Wyoming, 100,000. Dakota will enter as two states, adding four Senators and five Representatives to the House. Washington will contribute two Senators and one Representative, and the other five territories will each do the same. Eight new states, contributing at least fourteen Republican Senators and nine Representatives will make the party invincible. The only territory that is likely to remain Democratic after entering the Union is New Mexico. Hence, before the close of the fifty first Congress the Republican majority in the Senate will have grown to 14 and in the House to 39 or 40.

Mr. Cleveland had the good fortune to add two Democratic Judges to the United States Supreme Court during his term, but this work also is stopped. Of the present members, Miller, Fields and Bradley have reached the age of seventy years, and are entitled to retire upon life pensions, and Judge Blatchford will have attained the same age and right to a pension before the end of Harrison's term. This Court, therefore, is safe from any further Democratic accessions, and the ideas of Lamar, Fields and Fuller in regard to state sovereignty have been forced back in that court for at least twenty years, and probably forever.

The Republican victory is the greatest and most far-reaching in its consequences ever achieved by a Presidential election, except that of 1860. Then the Democratic party went to war and had to be shot out; now it proposes to go out peacefully and will abandon national politics for the rest of the century.

OFFICE OF THE CLERK OF THE BOARD OF SUPERVISORS OF ULSTER COUNTY, N. Y.

Notice is hereby given in pursuance of Chapter 83, of the laws of 1887 of the State of New York, that all persons having claims or accounts against the County of Ulster are required to deposit the same with the Clerk of said County, at his office in the City of Kingston, N. Y., on or before the third day of the next annual session of the Board of Supervisors of said County, commencing at the Court House in Kingston, NOVEMBER 13TH, 1888, and in default thereof such claims or accounts will not be audited at such annual meeting. See Law referred to for full details.

WHEAT AND HAY ACCOUNTS ARE TO BE PRESENTED.

Blanks for the presentation of claims, containing all the necessary particulars, may be obtained from the Clerk of the Board of Supervisors, or from the Clerk of the County of Ulster, at the City of Kingston, N. Y., or from the Clerk of the County of Ulster, at the City of Kingston, N. Y., or from the Clerk of the County of Ulster, at the City of Kingston, N. Y.

The act of 1881 (Chap. 83), as amended in 1882 (Chap. 83), provides a time and manner of presenting accounts for audit in certain counties and also provides that the Clerk of the County of Ulster shall be the auditor of such accounts. The act is as follows:

The Supervisors of the counties of Oneida, Tioga, Otsego, Sullivan, Ulster, Broome, Delaware, Cayuga, Orange, Jefferson, Richmond, Livingston, Chautauque, Chemung, Ulster, Dutchess, Schoharie, Niagara, Columbia and Herkimer, by their clerks, shall provide boxes with suitable inscriptions, containing all the necessary particulars, and in each box a copy of the laws of the State of New York, and whenever such boxes shall be delivered to the Clerk of the County of Ulster, he shall receive the same and shall deposit them in said boxes and accounts against said county, which shall then be filed in the office of the Clerk of the County of Ulster, and the Clerk of the County of Ulster shall be the auditor of such accounts. The act is as follows:

The above provision applies to all claims, whatever their form, which are required by law to be presented to the Board of Supervisors, and are specifically excepted. Thus a judgment, although a legal claim upon the county, must be presented to the Board of Supervisors, and not to the Clerk of the County of Ulster.

The Clerk of the Board of Supervisors of the several counties named in this section shall give notice, in at least two of the newspapers published in said counties, of the time of holding the annual meeting of said Board of Supervisors, and the Clerk of the County of Ulster shall be the auditor of such accounts. Weather indications.
WASHINGTON, Nov. 9.—Indications for
Saturday: Threatening weather and rain,
followed by colder, fair weather.

THE CENTENNIAL PRESIDENT.

Gen. Washington was elected President of the United States just one hundred years ago. The United States then began its new life as a nation. The civil career of Washington proved as satisfactory as his great services in war. The nation that his courage, discretion and statesmanship had created he succeeded in placing upon the solid foundations of a government by the people during the eight years of his administration.

Gen. Harrison comes forward at the beginning of another century to start the nation on a new era of life and progress. He is like Washington, the descendant of a long line of illustrious ancestors. He is almost exactly of the same age as Washington when he entered the Presidency. He has been like him, a soldier and statesman. He has shown during the canvass the possession of those invaluable mental qualities which made Washington illustrious—prudence and self-control. He has the qualities to make a great and good President. He has a party behind him firmly devoted to the Union, and earnest in its purpose of national honor and aggrandizement.

The Republican victory is the greatest and most far-reaching in its consequences ever achieved by a Presidential election, except that of 1860. Then the Democratic party went to war and had to be shot out; now it proposes to go out peacefully and will abandon national politics for the rest of the century.

SPECIAL BUSINESS NOTICES.

Rhyme and Reason: If you can not keep quiet, because your cough makes a noise, then say, "Rhyme and Reason," for history cannot be blotted out, but by a blending of material interests that are to live when politics are forgotten. The solution of the sectional problem, that was found impossible under a Democratic administration, will be found easy after Republican control is resumed. We have been two peoples with adverse political objects and with contempt for the ambition of each other too long. The election is a triumph of the higher civilization and fairer politics of the North, and it opens the way for the assertion over the South of those policies and principles which have brought peace, prosperity and enlightenment wherever they have prevailed. The coming century is to be better and more glorious than the one that is passing away. And this is to be because it opens with the triumph of the principles on which Washington laid the foundations of the government.

It is not a misfortune that the country has seen the experience of a Democratic administration before entering upon the new and grander century. Until that experiment was tried the people were to be uneasy and suspicious about the effects of a change. The change has been tried, and the people have changed back to the old and faithful party under a leadership that inspires universal confidence. The change is so sweeping, so overwhelming, that Gen. Harrison can venture to be the President of the whole people like Washington. He will need, like his predecessor, to shape his acts, messages and letters for partisan facts. It is a grand thing for a President to have a party behind him so strong that he can afford to be patriotic and unselfish. This Gen. Harrison's position, and it affords him the opportunity to give the country an administration which will be remembered a hundred years hence with the same gratitude and affection as Washington's is to-day.

THE TEMPERANCE ISSUE.

The Prohibition vote in the state on Sunday is about 30,000. This is 11,000 less than that of last year on Secretary of State. The change of votes was nearly sufficient to elect Harrison. All honor to those Prohibitionists, who had the intelligence to perceive and the manliness to admit that the Republican party occupies the highest tenable ground on the liquor question.

But there were 80,000 Prohibitionists who preferred a hopeless cause to the attainment of the best results. These men have re-elected David B. Hill, the champion of the saloons. They have defeated Warner Miller, who is as earnest for practical prohibition as any of them, but advocated high license as a practicable method of reducing the evils of the liquor traffic and as a step in the direction of its final suppression. These men are to be commiserated. They are aware to-day that they have made a deadly mistake. When they saw the Republican saloon-keepers flocking to the Democratic camp they should have been educated by the fact.

The saloon expects to dominate the state for three years more, in the meantime strengthening its power by large accessions from other states in which the license fees have been raised. But the Republican party cannot recede. It is a large majority in the ranks of the Prohibitionists that it can afford to stand firmly by the platform of Warner Miller. Next year there will be a full Legislature to elect. If the Prohibitionists join hands with the Republicans, not only can a high license law be passed over David B. Hill's veto by a two-thirds majority in each House, but the Prohibition amendment of the constitution provided for by the Legislature of last winter can be put on the road to actual adoption by the people at the election in 1890. In that election there will be no state officers to choose, and the question can go to the people on its merits, unhampered by partisan interests. Despite the re-election of the saloon-keepers' champion, the party of sobriety is able to report progress.

IMPORTANT REPUBLICAN GAINS.

The election of Republican Legislatures in Delaware and West Virginia assures the continuance of a decisive Republican majority in the United States Senate. Instead of a tie, as was apparent when New Jersey was first heard from, the strength of the respective parties will be: Republicans 40; Democrats 36. This is a larger majority by 2 than to the present Senate, and there will be no doubtful quantities in it, like Riddleberger and Mahone of Virginia.

The House is certainly Republican by at least 21 majority. To this will be added several members who have been counted out in the South by the usual methods, but are likely to be admitted on a contest by the Republican majority. When these cases have all

been settled the majority will hardly fall below 80 or 85.

But there is also an important Republican gain to be gathered from the territories, at least seven of which are large enough to enter the Union. These territories and their population are as follows: Dakota, 700,000; Washington, 175,000; New Mexico, 200,000; Montana, 150,000; Arizona, 100,000; Idaho, 120,000; Wyoming, 100,000. Dakota will enter as two states, adding four Senators and five Representatives to the House. Washington will contribute two Senators and one Representative, and the other five territories will each do the same. Eight new states, contributing at least fourteen Republican Senators and nine Representatives will make the party invincible. The only territory that is likely to remain Democratic after entering the Union is New Mexico. Hence, before the close of the fifty-first Congress the Republican majority in the Senate will have grown to 14 and in the House to 39 or 40.

Mr. Cleveland has had the good fortune to add two Democratic Judges to the United States Supreme Court during his term, but this work also is stopped. Of the present members, Miller, Fields and Bradley have reached the age of seventy years, and are entitled to retire upon life pensions, and Judge Blatchford will have attained the same age and right to a pension before the end of Harrison's term. This Court, therefore, is safe from any further Democratic accessions, and the ideas of Lamar, Fields and Fuller in regard to state sovereignty have been forced back in that court for at least twenty years, and probably forever.

The Republican victory is the greatest and most far-reaching in its consequences ever achieved by a Presidential election, except that of 1860. Then the Democratic party went to war and had to be shot out; now it proposes to go out peacefully and will abandon national politics for the rest of the century.

OFFICE OF THE CLERK OF THE BOARD OF SUPERVISORS OF ULSTER COUNTY, KINGSTON, N. Y.

Notice is hereby given in pursuance of Chapter 33, of the laws of 1887, of the State of New York, that all persons having claims or accounts against the County of Ulster are required to deposit the same with the Clerk of said County, at his office in the City of Kingston, N. Y., on or before the third day of the next annual session of the Board of Supervisors of said County, commencing on Monday, November 12th, 1888, and in default thereof such claims or accounts will not be audited or paid by the Board of Supervisors. See Law referred to below.

E. B. WALKER, JR., Clerk of the Board of Supervisors.

THE ELECTION AFTERMATH.

ULSTER COUNTY'S VERDICT ON THE SALOON QUESTION.

Warner Miller has a majority of 527 Over David B. Hill in Ulster County, outside of Kingston City with its 300 Saloons, Licensed and Unlicensed.

Make no mistake. The issue between David B. Hill and Warner Miller is squarely drawn. The saloon men say Hill is their warmest and best friend. Weigh this matter carefully before you vote. If you do, if you are a temperance man, you will vote for Miller and induce your neighbors to do the same. —FREMANS, Nov. 9.

The people have spoken.

Governor David B. Hill's friends here for a week before election boasted that Ulster County would give him 500 majority over Cleveland. They knifed Cleveland everywhere, and spent money to buy votes for Hill with a lavish hand, yet the Governor in Ulster County, outside of Kingston City with its 200 licensed and unlicensed saloons, runs behind Miller 527 votes. Hill is politically dead here, and it is announced he contemplates looking around for a new set of local political advisers. Hill has put a good many plums hereabout, and the fact that Miller beat him 527 makes him feel sore indeed.

AFTER ELECTION NOTES.

For when we have succeeded, then will be our time to rejoice and freely laugh.—*Sophocles*.

Republicans, you can laugh now over the

result in Ulster County on the National and State tickets, aye, you can laugh freely.

Esopus gave Warner Miller 639 votes. Hudson Democrats lost \$30,000 in election wagers.

"The woods are full of Democrats"—*Democratic Banner*.

The "Chinese racket" did not work on Harrison in California.

What's the matter with the G. O. P.? Well, nothing, in particular.

John Sanderson, Republican, has been elected County Judge of Greene.

A jubilee parade is announced by Saugerite Republicans for this evening.

Many cannon were fired in Kingston, last night, to celebrate the Republican victory.

"No free trade in our." So said the ballots of the American people on November 6.

The clergymen who spoke out in favor of Warner Miller have the satisfaction of feeling that they did their duty.

A great Republican jubilee parade will take place in Poughkeepsie to night, under the direction of E. N. Howell.

People who made successful election wagers will not come to the city as long for the money as they did in 1884.

There are many Democrats in Rondout who say "the surplus" does not worry them to the extent that it did a few days ago.

It is estimated that over \$30,000 were wagered on election in this City. Verily, the Democratic pocketbook was flattened out.

A study of Democratic faces gives the impression that the wearers have "lost something." This is a literal fact, in many instances.

THE FREEMAN points with pride to the fact that it has helped bring out the verdict of Ulster County people that the Home is preferable to the Saloon.

Kingston Democrats who expect favors from Governor Hill will have to get them on a stronger claim than the Governor's "majority" in Ulster County.

Captain Charles F. T. Beale will be the Grand Marshal of the Republican parade at Hudson this evening. A banquet will be prepared for visiting clubs.

Ulster County, pledged to Hill by the Ulster Dealers' Association for 500 plurality, gave a majority of 527 for Warner Miller, outside of Kingston City.

Before the election THE FREEMAN published the names of some people who had taken up with upholders of the saloon, and engaged in this absurdity. Figures do not lie.

David B. Hill, on his last visit to this City, was promised 500 more votes than Cleveland, he did not get them. Warner Miller has a majority of 527 in Ulster County, outside of Kingston City.

Daniel Eckert, of Kingston, while walking to and from his place of business since election, with uplifted voice, repeats to every man he meets: "Jeff Davis is a greatly disappointed man."

In the large town of Wawarsing, Ulster County, the home of Public Printer Benedict, whose first political preference came from Hill, Warner Miller had a majority over the Governor of 145.

The town of Marlborough, Ulster County, gave Benjamin Harrison 483 votes and Warner Miller 426. The majority of Miller over Hill was 57. The majority of Harrison over Cleveland was 40.

The Kingston Democrats who went off at "half-cock" on hearing the first returns from New-York City, read election night, refuse to be comforted. And they fired guns, and shot their heads off.

When another three years will have rolled around, Ulster County and New-York State Republicans will again fight for protection to the home against the saloon. Protection to American industries is settled now.

By the way, what does Hill think of his political advisers in Kingston? They pledged him 500 majority over Miller in Ulster County. Outside of Kingston City Miller's majority over Hill is 527. Truly a great victory—for Miller.

The *Poughkeepsie Enterprise* says Democrats of Rhinecliff celebrated "the victory of Mr. Morton." THE FREEMAN hopes this is true. Some of the most hide-bound Democrats in the State of New-York are to be found in the town of Rhinecliff.

A Rondout colored man this morning remarked that "the Stars and Stripes have won another victory, and has made the Red Bandanna come down." There is truth in this statement. There is also a drop in the price of pocket handkerchiefs.

The colored man who carried the rooster through the streets of the City, yesterday, in the name of the procession that celebrated the Republican victory, was asked why the rooster did not crow. "Dis rooster am a Democratic rooster, boss, an' he can't crow," was the answer given.

Isaac N. Weiner, of Rondout, who was a delegate at the National Democratic Convention, at St. Louis, today, about Hill's crushing defeat in Ulster County said: "THE FREEMAN parade helped, of course."

The Hatters', Furriers', and Straw Goods American Protection Club has formed a permanent organization, and yesterday afternoon, at a public meeting, President C. C. Shavone of the club, entertained the members at luncheon. Mr. Shayne was made permanent President, and J. Perrine and Mr. Roberts were elected respectively Secretary and Treasurer.—*New-York Sun*, Nov. 9.

The Democratic party in this City so nearly died that there is no need to turn off the gas in the transparency on Union-square; at least it has burned continuously since the night of election and was still burning this afternoon. A son of the Emerald Isle was asked why it was not turned off. He replied: "Be gods, it's not enough Dimmyneats left to turn it off."

The Prohibitionists are not "busted" by the Republican party yet. A Kingston Democrat says that Prohibitionists are so closely allied to the liquor interests and the Democratic party that when they stick to the Prohibition party they do more injury to the Democratic party than the Republican party. When the Prohibition party ceases to exist, by joining the ranks of the Democratic party, Prohibitionists will add somewhat to the strength of the Democratic party.

The *Kingston Leader*, of the liquor dealers' organ, says David B. Hill scored a sweeping victory in Ulster County. How this can be when Warner Miller received 10,754 votes and David B. Hill only 10,534, is only known to "Democratic figure jugglers." Ulster County has given its verdict for the home against the saloon by a sweeping majority, and in the face of the fact that never before was money so freely used by the liquor dealers to corrupt voters.

William Nickerson, of East Kingston, is an enthusiastic Republican. He was largely instrumental in forming the Hunter and Morton Club, which did excellent work for Protection during the campaign. This forenoon Mr. Nickerson was in Rondout, and he was asked if the Republicans of East Kingston were celebrating the glorious victory. "Yes, sir," replied Mr. Nickerson, "the boys have been firing off their cannon ever since the night before last, and the best of it is that a Reformed Democrat was the most demonstrative of them all."

On the evening of the large Republican parade in Kingston City, while the members of the Hunter Republican Club were disembarking from an Ulster & Delaware Railroad train, members of Democratic clubs here, who were awaiting a train to convey them to Saugerite, asked them "If they had thrashed their pumpkins?" A correspondent of THE FREEMAN, who is a member of the Hunter Club, and signs his communication "Hayseed," desires THE FREEMAN to say that the members of the Hunter club have "thrashed their pumpkins." It might be added also that they have "thrashed" the Democrats.

The esteemed *Leader*, this morning, is not especially complimentary to the unformed Democratic clubs that did so much hard work parading in the rain and mud night after night. It hints that it was their heavy, "sober sense" of party men will not allow it in the future. That is saying in effect

that "sober sense" was lacking among Democratic club members during the past campaign. Well, the liquor interests were paramount, there, no doubt of that.

Saugerite Democrats received the returns, on Tuesday evening, at the Exchange Hotel, and the Republicans at the Phoenix. No cheers were heard at the former place, while at the latter the Republicans were jubilant. The members of the John E. Lasher Gun Squad fired a salute, Wednesday evening, over the result of the election.

Hill's plurality in the State of New-York, according to the returns thus far received, is 17,740. Mr. Harrison's plurality in the State is 12,787. So Mr. Hill comes out 30,520 ahead of Mr. Cleveland. A few weeks before the election Mr. Dana, of the *Sun*, promised that Mr. Hill should run 30,000 votes ahead of Mr. Cleveland. Mr. Hill's ostentatious professions of loyalty to the Presidential candidate of his party led persons not in the secrets of the Hill canvass to discount this assertion of Mr. Hill's friends as the unauthorized expression of a too buoyant enthusiasm. But the Hill men kept the promise made in their behalf by the editor of the *Sun*, and have added 50 per cent. to the figures he gave.—*New-York Times*, Nov. 9.

A correspondent "away out back" in Ulster County writes to THE FREEMAN asking if the report published in these columns concerning the disgraced Hill parade at Hudson, October 18, is entirely correct. It was; only THE FREEMAN did not paint the scenes as vividly as it might have done. The parade cost Hill 500 votes in Ulster County. If that parade had occurred one week earlier than it did, THE FREEMAN would have been obliged to present the disgraceful scenes to the readers of the WEEKLY FREEMAN in such a light, that Hill would have been beaten in Ulster by at least 1,200 votes. The attempts of Democrats here to "explain the parade" have signally failed to do so.

A disgraced to this City. Hill said it honored him. He is welcomed to the "honor" he received at the hands of the rum sellers who defy the Almighty God and the excise law seven days every week.

At the St. James M. E. prayer meeting, last evening, a member arose and related incidents in the life of President Cleveland, bearing on the subject that "God takes care of His own." He said: "In 1874 I was called to large business interests in the city of Indianapolis. While there, after a time, a resident of the City was nominated for Governor of the State of Indiana by one of the political parties. During that hotly-contested campaign, when harsh words were spoken and questionable methods were used, Candidate Harrison bore himself as a true Christian gentleman throughout the canvass. When defeated not a murmur or accusation against his lips; while all eyes were turned to him, he was considered, in the opinion of his friends, a great humiliation in being beaten in the race by a totally ignorant opponent. After a few years he died. Mr. Harrison raised to the United States Senate, God takes care of His own." He spent six years of his life in Washington. Then came around the time for re-election. Through very questionable methods he was cheated out of it and another took his seat. He was seemingly humiliated, yet 'God takes care of His own' for today we find Mr. Harrison elected President of the United States, and he is the same, pure, Christian gentleman as he was when defeated for Governor of Indiana."

A correspondent of THE FREEMAN at Hurley, Ulster County, writes: A pretty stream gurgles along for many miles in this vicinity, but when it reaches a place known as the John Myer farm, one mile from here, it suddenly disappears among a picturesque group of great moss-covered boulders. The rocks are shut in by thick foliage, and on the hottest of dog days the invited retreat is uncomfortably cool.

The oldest resident for miles around has sought in vain a solution to the riddle of the stream's mysterious disappearance. During the driest summer known in the locality for 40 years the water among the boulders would seethe and boil up at short intervals, and then fall again gradually. Scores of people have searched for miles around for some explanation of the stream's disappearance, but so far the phenomenon is clothed in mystery.
